Hi All,

This is what happened when I tried to enter the SSID in SEMS. The SSID designation belongs to Region 8 (hence the "A8" in the beginning). Generally, we cannot share SSIDs in SEMS, so even within the Region, we cannot have one SSID for two different sites.

Thanks,

Kevin

Regional Comptrollers & Other Program Offices

Attached please find the instruction/guidance on how to ensure proper charging and tracking of payroll, contracts, and travel resources associated with the response to the Gold King Mine Release. While this may only currently affect some of you, I felt it would be prudent to share with all of you as some of your regional staff may be traveling to assist.

Please share with others as appropriate.

Thank you.
